NEW HIRES

On our Watch List because since opening its doors, the firm has tripled in size and handled some of the largest deals in South Florida, across the U.S., and outside the country.

TA PLLC is a full-service boutique firm on a growth trajectory. Since opening its doors, the firm has tripled in size and handled some of the largest deals in South Florida, across the U.S., and outside the country. One of the reasons this boutique size firm can successfully handle such large deals is because many of the attorneys were formerly in Big Law, a designation held by almost all the firm's partners. This experience enables them to provide clients with service and counsel that is on par with its larger competitors but in a more personalized setting.

TA PLLC regularly counsels both domestic and international clients in multiple languages and jurisdictions that span the globe. Co-Managing Partners Ari Tenzer and Javier Alvarez have both been recognized by *Chambers USA* as the top attorneys in their respective areas of practice.
